No. 15, Vol. 4.

NEW WESTMINSTER, WEDNESDAY, APRIL 6, 1864.

Price 6d. or 12 cts.

This Journal is published every Wednesday and Saturday morning, and is sent by Mail and Express to all parts of the Colonies, Washington Territory, Oregon, California, the Eastern Provinces and Great Britain.

The utmost care is taken to procure authentic information from all the mining districts of British Columbia, and every exertion made to obtain reliable statistics respecting the country generally.

## The British Columbian.

NEW WESTMINSTER, WEDNESDAY, APR. 6, 1864.  
GOV. KENNEDY ON THE "COLORED QUESTION."

The occasion of the presentation of an address by the Victoria Rifle Corps, which is composed entirely of colored people, afforded His Excellency Governor Kennedy an early opportunity of giving public expression to his sentiments upon a question which has been made somewhat prominent in that community for several years past. Were the sentiments enunciated by Governor Kennedy on Wednesday last, in reply to the loyal address of the Victoria Rifle Corps, the mere theoretical utterances of an English gentleman they would not possess any very special importance, although even then they would be entitled to some consideration as coming from Her Majesty's representative in that Colony. But when it is borne in mind that their author spoke from years of personal experience upon this subject, that he not only holds and proclaims the British doctrine that, as Her Majesty's representative, he is to know "no class, sect or color," but gives it as the result of his experience that he can see no reason why he should make any difference between a black man and a white man on account of the color of the skin, these sentiments are entitled to the greatest consideration, and cannot fail to exert a marked influence for good upon the two hitherto antagonistic and unquiet elements of Victoria society. It will be observed that Governor Kennedy does not stop with conferring what may be termed political rights and equality, but he fearlessly sweeps over the social phase of the subject and places the colored man upon the same footing as he does the white, knowing no difference, "except as between loyal and disloyal, honest and dishonest men." Nor is he a mere preacher of a theory he would not himself reduce to practise did occasion offer. He tells the people that "in the first Colony to which Her Majesty had appointed him he had a colored Chief Justice and other public officers under him, and in addition, he sat under a colored clergyman for some years with considerable edification." We also learn through private sources that His Excellency carried these same principles of equality into practise in social circles—that the black man was as welcome at his Excellency's table as was the white, all other things being equal. There is no doubt that, as His Excellency observed, the prejudice against color which exists in Victoria has been "imported from the neighboring country," and we fancy the remarks made by their Governor will have the effect of making more than one British subject feel ashamed of the silly antipathy so prevalent in that community, a prejudice for which the local Press is in some measure responsible. The stand which Governor Kennedy has taken in respect to this vexed question would induce us to believe that he is a gentleman of noble mind, great moral courage and every way worthy to represent our gracious Sovereign.

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862.

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be more perfect than the watch of mechanism we have never seen."—Standard, June 17, 1862.

"Some of them are of great beauty; and if the English watch-trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—Times, June 23, 1862.

"Ranged around the base of the clock were the watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—Illustrated London News, November 8, 1862.

## The British Columbian.

NEW WESTMINSTER, WEDNESDAY, APR. 6, 1864.  
A NEW ERA.

One cannot but be impressed with the striking contrast already visible between the policy of Governor Douglas and his successor for the Island Colony. The frank, manly, outspoken, open-and-above-board style adopted by Governor Kennedy cannot fail to secure general confidence, and is a burning reproof upon the secret and mysterious Hudson Bay policy so tenaciously adhered to by his predecessor. No "Star Chamber" legislation now. No careful covering up of Dispatches. All is to be frank and open. The public are to be treated like men who have an interest at stake. The doors of the various Departments are unceremoniously thrown open upon their creaking, rusty hinges, and the foul air, redolent of H. B. peltry and salmon, is dispelled by the genial breeze from the sea; the must and cobwebs of antiquated incompetency are all swept away, and active, open and benign legislation assumes the place of feckless and effete buffoonery. What about our own Legislative Council with its closed doors? Shame on those who voted for it! Scarcely less important is the announcement in the paragraph taken from the *Colonist* and published elsewhere. During the Douglas regime not only was such information carefully locked up as a mysterious secret, but instructions were given to those employed in the various Departments strictly forbidding them to afford the conductors of the Press any information respecting such matters. One very striking illustration: When the celebrated Guild Escort came down for the last time we ascertained from outside sources the amount of treasure they brought down, and made use of it in these columns for the purpose of showing how utterly the thing had failed. The head officer of the Escort, writing under the exposure, complained to His Excellency Sir James, who directed a regular overhauling amongst the officials to find out who had dared to inform us how much treasure an Escort sustained by Colonial funds brought down! Had the heinous crime been brought home to an individual official there is little doubt that his situation would have been the price of his indiscretion. Let us hope, that Gov. Seymour will follow the noble example set by his island compeer, and sweep from every Department the last relic of a system so absurd, irrational and degrading in its tendency.

**THE "FIDELITY."**—This little iron screw steamer, the property of the V. I. Coal Company at Nanaimo, and which came out round the Horn recently, will shortly be ready for "active service." We believe it is the intention of the Company to place her on the route between Victoria and Nanaimo. She will make at least one trip a week calling at Saanich, Cowichan, Chemainus, Salt Spring and other intermediate settlements, carrying Her Majesty's Mails. She will probably make a trip to Comox, and across to New Westminster about once a month. The advantages which such an arrangement must confer upon these various settlements will be immediate and immense, while the bright prospects of Nanaimo and its close proximity to this place would lead to the hope that it will tend to foster a direct trade with the mainland.

**CARIBOO EXPRESS.**—Barnard's Cariboo Express, in charge of Mr. Humphrey, arrived at Yale on Monday, containing \$25,000, in treasure. This Express brings no late news of importance from the mines.

**A QUICK TRIP.**—The fast sailing schooner *Alpha*, Capt. George, of Nanaimo arrived direct from that port with a cargo of coal on Monday. She made the trip from Nanaimo to this place in the marvellously short space of eight hours! She carries back a cargo of lumber from Mr. Homer's Mills. The advantages of Nanaimo possessing a Port of Entry begin to make themselves felt already.

**QUICK DISPATCH.**—The Steamer *Reliance* made quick work of it last trip. She left here on Saturday carrying a large freight and a considerable number of passengers to Yale, returning here on Monday. She left again yesterday morning with over 50 passengers and a good freight.

**DIETZ & NELSON'S EXPRESS** arrived on the str. *Lilloet* yesterday with \$30,000, in treasure.

**PRISON RETURNS.**—We are indebted to the politeness of C. J. Prichard, Esq., Governor of the Jail, for the following abstract of Prison Returns for the month of March, 1864:—In Jail on 1st of the month, 14; received during the month, 22; discharged during the month, 21; in Jail on 31st of the month, 15.

**CUSTOMS RECEIPTS** for week ending 2d April, 1864:—Duties, \$1669 12 10; harbor dues, \$18 4 5; head money, \$56; tonnage dues, \$142 1; warehouse fees, 4s; inland navigation license, \$3 14; fines and seizures, \$3 6 8. Total, \$1,893 2 11, or \$9181 76c. Number of passengers entering at this port during same period, 380.

We have been requested to state that a public meeting will be held in the Town Hall tomorrow evening, at 8 o'clock, for the purpose of adopting measures for the reception of Governor Seymour upon his arrival in this Colony.

**COURTESY TO THE PRESS.**—We have been requested by His Excellency the Governor to make known to our brethren of the Press that information on all public matters will at all times be readily furnished upon application being made in the proper quarter. His Excellency wishes nothing in connection with the administration of affairs of the Government (excepting private despatches) to be withheld from the public.—*British Colonist*.

**OFFICIAL.**—Despatches received by last mail state that Governor Seymour; Mr. Birch, Colonial Secretary; and Captain Holmes, Private Secretary; would leave England together on the 17th February. They are expected by the next steamer.—*British Colonist*.

## Municipal Council.

Town Hall, April 4th, 1864.  
Members Present, the President, Councillors Manson, Armstrong, Robson, Ross, Clarkson, Murray, and Calder.

Minutes of previous meeting read and confirmed.

A communication was read from the Acting Colonial Secretary informing the Council of the birth of a Royal Prince.

A communication was read from Mr. Fannin, making application for the situation of City Clerk. The application was accompanied by a number of very flattering testimonials from gentlemen of position in Canada.

Several Committees reported, and amongst others the one appointed to apply to His Excellency the Governor for a grant to pay off the liabilities of the Council. The report of this Committee was that His Excellency positively refused to assist the Council in any way, either by a grant in money or land scrip or by assisting in effecting a loan or disposing of City Debentures.

Moved by Coun. Robson, seconded by Coun. Clarkson, and Resolved, That this Council learn with unfeigned pleasure that Her Royal Highness the Princess of Wales has been safely delivered of a son, and that a Committee, consisting of the President and Councillors Armstrong and Manson, be appointed to prepare and transmit through the usual channel an address to their Royal Highnesses the Prince and Princess of Wales, congratulating them upon that auspicious event.

Moved by Coun. Robson, seconded by Coun. Manson, and Resolved, That a Committee consisting of the President and Councillors Clarkson and Murray be appointed for the purpose of preparing a suitable address to be presented to His Excellency Governor Seymour upon his arrival in this Colony.

Moved by Coun. Clarkson, seconded by Coun. Armstrong, and Resolved, That the Acting Clerk be instructed to call for tenders against next meeting of this Council for the cutting down of all brushwood and timber upon lot 9 block 5, the contractor to wait for the money until it is collected.

Moved by Coun. Armstrong, seconded by Coun. Robson, and Resolved, That Mr. Valentine Hall be and is hereby requested to make out a report of the amount of money collected as Municipal funds, &c., together with a list of the names of all persons who have paid on private lots and sidewalks as well as a list of those who have not paid, and that the Acting Clerk furnish him with a copy of this resolution.

Moved by Coun. Ross, seconded by Coun. Manson, and Resolved, That the President call a public meeting to devise the best mode of receiving the new Governor. Moved in amendment by Coun. Armstrong, seconded by Coun. Murray, That the resolution of Mr. Ross be laid on the table for three weeks. Considerable discussion arose out of these resolutions, the general feeling being that in preparing and presenting an address the Council would discharge their duty to themselves as a public body, and unless requested to do so by the public in the usual way they would be going beyond their province in calling a public meeting. The amendment was, accordingly, carried.

Moved by Coun. Manson, seconded by Coun. Murray, and Resolved, That the Acting Clerk inform Mr. Fannin that the Council is not yet in a position to act upon his communication.

After discussing at some length, in a conversational style, the means of raising money to pay off the indebtedness of the Municipality, the Council adjourned.

## Legislative Council.

Monday, April 4th, 1864.

Members present, Hons. Collector of Customs, P. O'Reilly, H. M. Ball, J. A. R. Homer, H. Holbrook, J. Orr, and W. S. Black.

The Hon. R. T. Smith was introduced by Hon. J. Orr, sworn, and took his seat in the Council.

Minutes of previous meeting were read and confirmed.

The Committee on the address to the Prince of Wales reported the following:

"MAY IT PLEASE YOUR ROYAL HIGHNESS:—We the Members of the Legislative Council of the Colony of British Columbia desire humbly to offer your Royal Highness our earnest congratulations on the occasion of the birth of the Prince, your son.

We beg also to offer to Your Royal Highness the fervent expressions of loyalty to our beloved Sovereign, which in this distant part of Her Majesty's dominions makes her faithful subjects participate in the joy diffused through the Empire at an event which has added to the happiness of Her Majesty and of Your Royal Highness and your illustrious consort."

Moved by Hon. J. Orr, seconded by Hon. H. Holbrook, That the above address be now adopted and forwarded to His Excellency for transmission through the proper channel.

A petition from Clinton was presented by Hon. H. Holbrook.

The petition from inhabitants of Williams Lake District was brought up for discussion, when it was moved by Hon. W. S. Black, That the sum of \$15,000 be allowed for the purpose of constructing a road from the 144 to the 175 milepost through the agricultural lands of that District.

Moved in amendment by Hon. P. O'Reilly, seconded by Hon. R. T. Smith, That the petition be laid over for discussion this day six months. A considerable discussion took place upon these resolutions, the general opinion being that the main roads must be completed before branches can be undertaken. The amendment was, therefore, carried.

**NOTICES OF MOTION.**  
Hon. H. Holbrook gave notice that he would on Tuesday ask the Government to appropriate the sum of \$500 to aid local effort in erecting a building for public purposes, and to order the Stipendiary Magistrate of Lilloet to hold County Court once a month at that place. Also for the appointment of an unpaid Justice of the Peace and a paid Constable, and the establishment of a local Post Office.

**TUESDAY'S SITTING.**  
Members present: Hons. Attorney-General, P. O'Reilly, H. M. Ball, E. H. Sanders, J. A. R. Homer, H. Holbrook, J. Orr, W. S. Black, R. T. Smith.

Minutes of previous meeting read and confirmed.

The Committee on the address to Governor Douglas reported. It was moved by Hon. R. T. Smith, seconded by Hon. H. M. Ball, That the address be adopted, and that information be obtained from His Excellency as to what time he would receive the same.

Hon. H. Holbrook's motion respecting Clinton, and which appears in Monday's proceedings, was taken up and the various clauses considered and passed *seriatim*, and His Excellency recommended to carry the same into effect.

The Hon. Attorney-General asked permission to introduce the Bank Note Act. Leave being granted it was read a first time, and the second reading was fixed for Wednesday week. Ditto the Inland Navigation Act.

The Hon. Attorney-General informed the House that he would on Wednesday ask permission to bring in the Joint Stock Bill and on the day following the Postal Bill.

**NOTICES OF MOTION.**  
Hon. E. H. Sanders gave notice that on Wednesday he will move that the Governor instruct the Acting Chief Commissioner of Lands & Works to define the boundaries of the different Districts in the Colony.

Hon. J. Orr gave notice that he will on Wednesday ask that His Excellency be requested to empower a proper party to make a survey of the road from the Mouth of Quesnelle to Williams Creek, and estimate the cost of the same.

## LETTER FROM YALE.

DEAR COLUMBIAN:—The steamers *Lilloet* and *Reliance* came in beautifully this afternoon. The former had few passengers and but little freight, but the latter was fairly crowded with passengers and jam full of freight. Capt. Irving is receiving, as he certainly merits, the confidence and support of the Yale people. He has saved them many a dollar today gone bye, and if they but give him a fair "show" he will do the right thing by them yet. Yale is all astir. Park trains have been leaving for the last month, and the wagoning, which went on all winter to some extent, has now taken quite a start; in fact wagons are moving in every direction, coming from above and also arriving from below in the steamers every trip. Whatever may be going on in the Douglas and Lilloet regions it is our pleasant duty to record the fact that traffic has fairly begun on this route. Passengers, freight, wagons and horses are crowding each other along, and the way-side houses and forwarders look very good natured.

Our Expresses come in regularly every few days from Cariboo. It is a notable fact in reference to the Yale road that Barnard's Express wagons have made their regular trips all winter and have never been delayed half a day by impediments on the roads. Mr. Barnard has just commenced running a line of semi-weekly 4-horse stages between Yale and Soda Creek. They will make the round trip from Yale to Soda Creek and back again in 7 days. Mr. B. left in the first stage last Friday and has a fine stock of horses &c., on the route. Travellers will do well to bear this fact in mind. You can land in Yale 20 hours from the time you leave New Westminster and 4 days more in a comfortable stage will put you on board the *Enterprise* at Soda Creek.

A large quantity of goods have been taken from this place to Lytton in boats this Spring and we have not heard of any accident having occurred in this rather dangerous employment.

A large new hotel the "Fort Yale" has lately been opened. "Davison's Colonial" has been treated to a new front and the "California" seems to do its usual amount by way of accommodating the travelling public. A saddler and harness maker has made his advent among us with every promise of success, and our blacksmiths, carpenters, wagon-makers, shoe-makers, &c., seem to be fully occupied.

Two large livery stables have been erected lately, one by Mr. W. H. Lytton, which promises to afford all the travelling conveniences of the age to those who wish them. Mr. Poole left this morning with the express and mail for Cariboo and we expect Mr. Barnard in this evening from Soda Creek.

The weather for the last 10 days has been somewhat unpleasant, but yesterday and to-day it has been all that could be desired.

## PROGRESS.

Yale, All Fools Day, 1864.  
To the Editor of the *British Columbian*.  
Sir, I feel very much like a juryman in the days of Sir Matthew Hale who complained that his "conference" had received a greater bid than himself. Many of my fellow townsmen are invited to be at the Fete on Thursday, and although a Bachelor, I do not hold myself at a greater price than my neighboring Benedicts, and fear that one of the same kind of accidents has occurred in the omission of my name on the list of visitors that occurred to two or more of our worthy citizens and their wives.—Yours, O. K.

The British Columbian.  
NEW WESTMINSTER, WEDNESDAY, APR. 6, 1864.

**Poetry.**  
**Enjoy to-day.**  
The morning sun is trembling on the stream;  
The green leaves wave in the cool morning air;  
Nature unobscured to the welcome beam,  
And every sight is fair.  
Earth is not now, as it hath lately been,  
In winter's dull ice-woven fetters bound;  
Flowers of all hue put on their lustrous sheen;  
Sweet odours float around.  
And birds of every wing and every note  
Pleasantly flutter in the pleasant groves,  
Warbling together from melodious throat  
The story of their loves.  
No storms will darken o'er the azure way;  
Nothing will hide the sunlight's merry march;  
Heaven will be changing the revelling earth to-day  
One blue unclouded arch.  
To-morrow may be dark with rain and gloom—  
Fear not, but take with thanks the present hour;  
To-day all pleasures in profusion bloom;  
To-day no tempests lower.  
Full wisely hath the all-foreseeing Heaven  
Hid coming sorrows from our anxious eye,  
And held in front a cloud, where man hath striven  
To read his destiny.  
For if he could behold the advancing years,  
And evil shadows following in their train,  
Things that are brightest would beget but tears,  
And double future pain.

THE SANDWICH ISLANDS.—A Honolulu corres-  
pondent of the *Illustrated London News* thus  
writes: "I have just read in your widely-circu-  
lated journal a paragraph drawing a very unfav-  
ourable picture of the state of things in the Sand-  
wich Islands. Will you allow me a few words in  
reply? As to the falling off of the shipping,  
so far as the whaling fleet is concerned the state-  
ment is true; but not with regard to ships of  
general merchandise, the visits of which are on  
the increase. Owing partly to the exhaustion of  
the North Pacific fishery ground and partly to  
the great demand for petroleum, whalers have  
left the ocean in great numbers. This change,  
though seemingly adverse to the islands, is for  
their ultimate benefit—first, by relieving them of  
an influence fearfully demoralising to a people  
naturally inclined to sensuality; secondly, by di-  
verting capital into healthier channels. Formerly,  
men left this country as soon as they had  
grown rich as ship-chandlers, taking their wealth  
home with them. Now they are turning their  
attention to the productive industry of the islands,  
far the surest basis of prosperity. The best  
proof of a nation's commercial advancement is in  
the amount of her exports. In 1860 the sugars,  
exported chiefly to British Columbia and Califor-  
nia, was 1,444,271 lbs.; in 1861, 2,562,498 lbs.,  
an increase of 100 per cent. In 1864 it will not  
be far short of 4,000,000 lbs.; and the price has  
risen from five to ten per cent. a pound. Among  
other productions largely exported are palm, a  
fibrous herb growing round the roots of large  
ferns at Hawaii; it is used to stuff mattresses  
in America; fungus, much used by the Chinese  
as an article of food; rice, coffee and oranges,  
for which Kona (where Cook fell) is famous.  
The islands abound in cattle and sheep runs.  
Several capitalists have lately arrived from New  
Zealand as sheep farmers. The last biennial  
report shows an increase in the exportation of  
wool of 49,000 lbs. over the previous year. The  
wages for skilled mechanics in Honolulu are high;  
masons and carpenters never work for less than  
16s. a day. There is no scarcity of labourers on  
the sugar estates, as implied in the paragraph;  
only Hawaiians, unlike the coolies, refuse to work  
for less than a day and "find themselves." The rate  
of decrease of the native population is sensibly  
less than it was; and by the wise measures of  
the present able King will, it is hoped, ere long  
cease. I am certain that nowhere does capital  
meet with a higher and safer return than in Ha-  
waii."

There cannot be a doubt that the trade be-  
tween this Colony and these islands, now in its  
infancy, is destined to assume the most impor-  
tant proportions.

The Duke of Brunswick's collection of diamonds  
consists of one weighing 53 carats with a whitish  
tint, another an opaque black diamond weighing  
342 carats; a third was taken from a Turkish  
sultan, a fourth from a Ryal necklace, a fifth was  
the eye of an Indian idol; a rose brilliant, 41  
carats, was taken by the Emperor Baber at Agra;  
two others were buttons of the Emperor Don  
Pedro's vest; a ninth was from a finger-ring  
worn by Mary Queen of Scots, and a tenth and  
eleventh were from ear pendants worn by Marie  
Antoinette. The Duke has stones worth £4000,  
£6000, £7000, £12,000, £13,920, and £16,000.

**HOLLOWAY'S OINTMENT AND PILLS.**—Never ne-  
glect a Cold.—It is painful to hear of the many  
fatal cases which commenced with the ordinary  
symptoms of a common cold. Holloway's Oint-  
ment, rubbed upon the back and chest, prevents  
all disastrous consequences; it soothes the in-  
flamed lining of both throat and chest. After  
rubbing in the ointment for a few days, the pec-  
toral irritation and the tightness of breathing dis-  
minish, the cough becomes looser and less fre-  
quent, and the phlegm is expectorated with less  
difficulty, till the lungs become free and respiration  
natural. All subject to take cold from slight  
exposure to varying temperatures, will find Hol-  
loway's soothing Ointment and Purifying Pills  
an effective safeguard against pleurisy, bronchi-  
tis, asthma, and consumption.

**THE SUFFERER'S BEST FRIEND.**

**HOLLOWAY'S PILLS.**

All Disorders affecting the Liver,  
Stomach and Bowels.

These Pills can be confidently recommended as the  
most simple and certain remedy for indigestion, flatu-  
lency, acidity, heartburn, colic, constipation, and all the  
many maladies resulting from disordered stomach or  
bowels. In all diseases it is of primary importance to  
set the stomach right. These Pills are purifiers, altera-  
tives, and strengtheners of the stomach. They may  
be taken under any circumstances. Though powerfully  
tonic, and satisfactorily aperient, they are mild in their  
operation, and beneficial to the whole system.

**Weakness and Debility, Nervous  
Irritability.**

The wholesale effect exercised by these admirable  
Pills over the blood and fluids generally is like a charm  
in dispelling low spirits, and restoring cheerfulness.  
Their general aperient qualities will fit them for a do-  
mestic medicine, particularly for females of all ages and  
periods of life. They never betray any disagreeable  
irritating qualities; they quickly eject all impurities  
from the system, and regulate every function of the body,  
giving wonderful tone and energy to weak and debili-  
tated persons, while they brace and strengthen the ner-  
vous system in a most extraordinary manner.

**To Regain Health, Strength and  
Vigour.**

Whenever persons find themselves in that state termed  
a "little out of health," and there are so many causes  
at work to shorten life, it is necessary that Hollo-  
way's Pills, the finest purifier of the blood ever known,  
should be at once taken, as they not only rid both solids  
and fluids of all morbid matters, but regulate all disor-  
dered actions, and strengthen the frame in a most ex-  
traordinary manner.

**Old Coughs, Colds and Asthmatical  
Affections.**

These Pills, assisted in their action by rubbing Hollo-  
way's Ointment very effectively twice a day upon the  
throat and chest, and keeping those parts covered with  
the preparation, will be found the most effectual remedy  
for asthma, coughs, colds, bronchitis, and influenza.  
These remedies tranquilize the hurried breathing,  
soothe the irritated air-tubes, and assist in dislodging  
the phlegm which stops up the air-passages. This  
treatment has proved wonderfully efficient in not only  
curing old settled colds, but asthma of many years  
standing, and even when patients who were in so bad a  
state as not to be able to lie down on their beds lest they be  
choked with phlegm.

**Derangement and Distention of the  
Bowels, Flatulency, Diarrhoea  
and Dysentery.**

Any symptoms of the above complaints should be im-  
mediately met by appropriate doses of these Pills, ac-  
cording to the printed directions: delay may be fol-  
lowed by disastrous consequences. These Pills are a  
certain remedy for all the ailments of the alimentary  
canal, they secure the thorough digestion of the food,  
and act most kindly on the stomach, liver, bowels and  
kidneys. As a household medicine they are unrivalled,  
and should always be at hand.

**Very Important, of Costiveness  
Beware.**

Rarely but little notice is taken of costiveness, yet,  
at certain periods, it is a sure sign that danger is near.  
All who are seized with apoplexy and paralysis, have  
previously suffered from costiveness. In the former  
case the blood flies to the head, a small vein is ruptured  
on the brain, and we know the rest. Let wives coun-  
sel their husbands, and husbands their wives, never to  
go to bed a second night if the bowels have not been  
properly moved during the day, particularly if they feel  
heavy and drowsy. A few gentle doses of these fine  
Pills will regulate the circulation of the blood, and all  
dangerous symptoms.

Holloway's Pills are the best remedy known in the world  
for the following diseases:—

Ague	Female Irreg- ularities	Retention of Urine
Asthma	Fever of all kinds	Scrofula, or King's Evil
Bilious Complaints	Pain	Sore Throat
Blotches on the skin	Gout	Stomach and Gravel
Bores	Head-ache	Secondary Sym- ptoms
Bores on the throat	Indigestion	Tic Douloureux
Bores on the throat	Jaundice	Tumours
Bores on the throat	Liver Com- plaints	Venerical Affections
Bores on the throat	Lumbago	Wounds of all kinds
Bores on the throat	Piles	Weakness, from whatever cause, &c., &c.

**ALL CURES MADE EASY!!**

**HOLLOWAY'S OINTMENT.**

**Bad Legs, Ulcerous Sores, Bad  
Breasts and Old Wounds.**

No description of wound, sore, or ulcer can resist the  
healing properties of this excellent Ointment. The  
worst cases readily assume a healthy appearance when  
ever this medicament is applied; sound flesh springs  
up from the bottom of the wound, inflammation of the  
surrounding skin is arrested, and a complete and per-  
manent cure quickly follows the use of the Ointment.

**Piles, Fistulas and Internal Inflam-  
mation.**

These distressing and weakening diseases may with  
certainty be cured by the sufferers themselves, if they  
will use Holloway's Ointment, and closely attend to the  
printed instructions. It should be well rubbed upon  
the neighbouring parts, when all obnoxious matter will  
be removed. A poultice of bread and water may some-  
times be applied at bed time with advantage; and most  
scrupulous cleanliness must be observed. If those who  
read this paragraph will bring it under the notice of  
such of their acquaintances whom it may concern, they  
will render a service that will never be forgotten, as a  
cure is certain.

**Rheumatism, Gout & Neuralgia.**

Nothing has the power of reducing inflammation and  
subduing pain in these complaints in the same degree  
as Holloway's cooling Ointment and purifying Pills.  
When used simultaneously they drive all inflammation  
and depravities from the system, subdue and remove  
all enlargement of the joints, and leave the sinews and  
muscles lax and uncontracted. A cure may always be  
effected, even under the worst circumstances, if the use  
of these medicines be persevered in.

**Eruptions, Scald Head, Ringworm &  
other Skin Diseases.**

After fomentation with warm water, utmost relief and  
speedy cure can be readily obtained in all complaints  
affecting the skin and joints, by the simultaneous use of  
the Ointment and Pills. But it must be remembered  
that nearly all skin diseases indicate the depravity of  
the blood, and derangement of the liver and stomach,  
consequently, in many cases, time is required to purify  
the blood, which will be effected by a judicious use of  
the Pills. The general health will be readily improved,  
although the eruption may be driven out more freely  
than before, and which should not be promoted; per-  
severance is necessary.

**Sore Throats, Diphtheria, Quinsy,  
Mumps & all other Derangements  
of the Throat.**

On the appearance of any of these maladies the Oint-  
ment should be well rubbed at least three times a day  
upon the neck and upper part of the chest, so as to  
penetrate to the glands, as salt is forced into meat;  
this course will at once remove inflammation and ulcer-  
ation. The worst cases will yield to this treatment by  
following the printed directions.

**Scrofula or King's Evil and Swelling  
of the Glands.**

This class of cases may be cured by Holloway's puri-  
fying Pills and Ointment, as their double action of puri-  
fying the blood and strengthening the system renders  
them more suitable than any other remedy for all com-  
plaints of a scrofulous nature. As the blood is impure  
the liver, stomach and bowels, being much deranged,  
require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following  
cases:—

Bad Legs.	Chapped Hands.	Scalds.
Bad Breasts.	Contracted and Stiff Joints.	Sore Nipples.
Burns.	Elephantiasis.	Sore Throats.
Bunions.	Fistulas.	Skin-diseases.
Bite of Mosquitoes.	Gout.	Scurvy.
Bite of Sand-Flies.	Glandular Swell- ings.	Sore-heads.
Coco-hay.	Lumbago.	Tumors.
Chiefo-foot.	Piles.	Ulcers.
Corns (soft).	Rheumatism.	Wounds.
Cancers.		Yaws.
Chilblains.
